

1. Mobile Token Activation

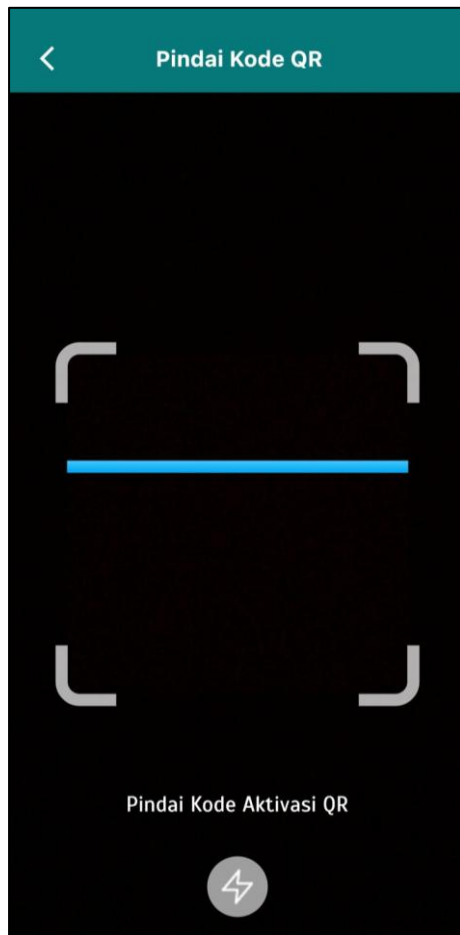

This feature is required for users (Admins/Company Officers) to activate their own mobile tokens before registration by Bank Officers/Company Admins. A single mobile token application can be linked to multiple User Identities under different Company Identities.

Here are the steps to activate the **Mobile Token** application:

1. Open the Mobile Token application. The Mobile Token Introduction page will appear.

2. Select your desired language.
3. Click the **Scan QR Code** button. The **Scan QR Activation Code** page will appear.

4. Scan the **QR code** on PrimeCash. The **Enter Passphrase** page will appear.

The screenshot shows a mobile app interface for 'CTBC Token'. At the top, there is a teal header with a back arrow and the text 'CTBC Token'. Below the header, the CTBC Bank logo and name are displayed. The main area contains two input fields: 'Nama Token' and 'Pass Phrase'. The 'Pass Phrase' field has a toggle icon on the right. At the bottom, there is a teal button labeled 'Lanjut'.

5. Enter the **Token Name (Required)**.
6. Enter the **Passphrase** sent to your **email (Required)**.
7. Click the **Continue** button. The **Enter PIN** page will appear.
